

UNIVERSITY OF KENTUCKY HUMAN DEVELOPMENT INSTITUTE

Visitor guide – HDI CATS Training Room

HDI CATS is one of Kentucky's Assistive Technology Resource Centers. They connect Kentuckians with tools and services that allow them to achieve their goals despite disability or functional limitations. Clients can access referral services, test and borrow adaptive products, and access Kentucky's Durable Medical Equipment (DME) refurbishment program. HDI CATS is located in the Malabu Heights Plaza shopping center on Nicholasville Road in Lexington.

HDI CATS is one of our favorite training locations. Since it is off campus, it is a lot easier for people who don't have parking passes or don't know their way around campus.

Parking

The Malabu Heights shopping center provides ample parking for visitors and staff. No parking permits are required. Designated accessible parking spaces are located adjacent to the building in front of the door.

Finding the room

Enter the HDI CATS storefront. The door to the training room is the first on the right, just past the reception area.
