

UNIVERSITY OF KENTUCKY HUMAN DEVELOPMENT INSTITUTE

Visitor guide – Huguenard basement training room

HDI leases office space on all three floors of 2355 Huguenard Drive. It is conveniently located behind the Kroger on Nicholasville Road. The building houses staff offices, a large training room, and a small conference room. The Maurice Dawson Jr. Training Room has space for 20-40 people. There are more than 20 parking spaces around the building including 3 accessible spaces near the door.

Note: The Huguenard office has an all-gender restroom located on each floor. They have grab bars but are small and might be a tight fit for people who use wheelchairs or other devices.

Lower-level elevator landing

The lower level/basement elevator exits directly onto a ramp. There is only one grippable handrail. It's located on the right side when exiting the elevator.

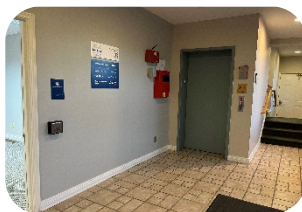

Finding the room

Enter through the main door. The elevator is in the lobby to the right. Take the elevator to the lower level. The training room is located just across the foyer and the accessible entrance is located to the right.
